### Part Three

Read about each person and then decide whether each statement is true (A), false (B) or unknown (C). Mark your choices on your answer sheet.

**Satoshi** comes from Japan but now lives and works in Spain. He moved to Barcelona two years ago. He walks on the beach every morning at half past seven. His favourite things about Barcelona are the food and the warm weather.

**Marie** is French Canadian. Her husband is called André and they were married in 2007. They live opposite Satoshi and they go for dinner once or twice a week to practise their English. Marie takes the train to work because the trains are cheap in Barcelona. She likes her job very much but wants to find a job nearer to home.

**Michele** is from Italy. He came to Spain four years ago. He is a photographer and a teacher and works at the local university. He doesn't have any family in Barcelona but his best friends are Satoshi and Marie. He likes travelling and going to the beach. He speaks English, Italian, Spanish and Russian.

- |   |                                      |
|---|--------------------------------------|
| 16. Satoshi moved to Barcelona three years ago.               | <b>A = True B = False C =Unknown</b> |
| 17. Satoshi is from Tokyo.                                    | <b>A = True B = False C =Unknown</b> |
| 18. Marie lives near Satoshi.                                 | <b>A = True B = False C =Unknown</b> |
| 19. Marie does not like her job.                              | <b>A = True B = False C =Unknown</b> |
| 20. Michele likes his job.                                    | <b>A = True B = False C =Unknown</b> |
